### Alone under the apple tree.

Whisper, I'm flying  
Flying in the sky,  
Above the trees  
Flying to my home where I belong.  
It's my dreamland  
Everything is fantasy.  
Mermaids, witches, dwarfs  
Everything that you wish.  
My favourite place is under the apple tree  
Where my dreams come true.  
There I've got what I want -  
A sea with lots of fish  
A forest where you can hear the trees whisper.  
My thoughts are there  
But when I wake  
I am alone.

# Another Place

I want to go to another place  
A place in the middle of space  
You can only go by a bike  
You can do what you want with anyone you like  
Come there as well, give me a bell  
You can swim and there is a waterfall  
Cascading around us all

## **My dreamland . . .**

Where children freely roam  
Where bullies beat a retreat  
Where clean air blows

Where guns are absent  
Where jams are jams we eat  
***Where food abundantly grows***

Where fountains drip honey and chocolate  
Where fun and play abound  
Where sweet spring water flows
